

Before Beginning *The Great Adventure*[™] ...

Men's Fraternity requires strong leadership. As that leader, there are several important things you should do to make this DVD series successful for your men.

- First and foremost, you should **VIEW THE ENTIRE SERIES** in advance. By doing so, your understanding and excitement for the series will be greatly enhanced. This is a critical first step to making *The Great Adventure*[™] successful!
- The second half of this series – Sessions 12-18 – is built around a highly insightful personality profile or “inventory” called *Servants by Design*[™]. Every man will need to take this personality inventory online at www.youruniquedesign.com. Be sure every man knows about the inventory and its cost (\$35.00) before they begin the series. The results of this inventory will be emailed within 2 hours and should be printed out for reference. Sessions 14-18 will help each man understand his unique design and personality in detail and will explain how to use this inventory information to better experience a right fit in life and the great adventure. This personal inventory is both exciting and highly rewarding! This *Servants by Design*[™] *Inventory* will be introduced to the men in Session 3, they should take it after Session 12, and must have their inventories and results in hand by Session 14. However, as the leader, you should take this inventory before starting *The Great Adventure*[™] as you preview this series in advance. It will take one to two hours to complete. By experiencing this tool personally and the instruction that follows in Session 12-18, you will be able to guide your men through the second half of *The Great Adventure*[™] successfully. It is very important that you are thoroughly comfortable with this *Servants by Design*[™] *Inventory* and understand its fit in *The Great Adventure*[™] series. We highly recommend you also purchase the very helpful *Profile Companion* for \$5.00 which will give you a detailed explanation of how to understand your personality profile. It would also be good to encourage your men to purchase it. If you have any questions or concerns, you may call Fellowship Associates at 1-501-975-5050 for assistance.
- Finally, a wallet-sized “**LIFE COMPASS**” is to be given to the men at the end of Session 11. The file for the Life Compass is on the Leader's CD-Rom. Take the file or a physical copy to your local printer (70 lb. cover, 8.5x11 paper is recommended). You can also purchase the Life Compass online at www.mensfraternity.com. Be sure to give yourself plenty of time to have them ready by Session 11.
